

GRADUATION REQUIREMENTS

In order to be graduated from the Oradell Elementary School, and receive a state-endorsed board of education diploma, a student must meet both state and district proficiency standards in the New Jersey Department of Education approved curriculum areas; achieve or exceed passing grade on New Jersey Department of Education approved State-wide proficiency assessment.

Successful completion means that the student has demonstrated the degree of proficiency required by the district to indicate achievement of the district goals for the particular course, and has attended the required number of course sessions.

The chief school administrator shall put into effect the procedures necessary to assess each student upon entry into the system, and, annually thereafter, to identify those students not meeting the state or district proficiency requirements. He/she shall develop the programs necessary to remedy these deficiencies at the lowest possible grade level.

Remediation and Basic Skills

Students who do not pass the New Jersey Department of Education approved statewide proficiency assessment, the elementary assessment component for grades three through five and the middle school components for grade six shall be provided appropriate remediation.

English Language Learners

English language learners must be provided with the program opportunities required by law, and must fulfill the regular state and district requirements for promotion.

Special Education Students

By June 30 of a disabled student's last year in the elementary program, the student's case manager, parent/guardian and teacher(s) shall meet to review the instructional guide and basic plan of the student's IEP in view of the transition to the secondary program. Input from appropriate staff from the secondary school shall be part of the review.

The basic plan of the IEP for the student exiting the elementary program will address all the elements required in the administrative code. The description of the educational program will include exemptions, if any, from regular education program options. The exemptions must be approved in writing by the chief school administrator.

Proficiency

In consultation with appropriate professional staff, the chief school administrator shall develop and present to the board for adoption indicators of achievement and standards of proficiency and attendance demonstrating successful completion of each grade in the elementary school.
