

*Our children,
our hope,
our future*

March 12, 2020

Dear OPS Community,

Please be aware that the Bergen County Health Department issued an order that all Bergen County Schools will be closed effective 3:00 PM on Friday, March 13, 2020. Schools will remain closed through March 27, 2020. Should additional closure be necessary, further information will be shared.

Oradell Public School will have a regular day tomorrow. Our teachers will share information with students about how they will learn remotely beginning Monday, March 16th. Students will be bringing home additional materials tomorrow, including learning packets, textbooks, technology equipment, musical instruments, etc. In other words, it may not be a great day to send your 6th grader downtown because their hands will be full!

Tomorrow, we will share in more detail the components of our digital learning plan. While we are facing challenges, this year's school theme says it all: "Together, We Move Forward!"

Sincerely,

Barbara Longo

Interim Superintendent
