How to Get Help for Special Education and 504 Services

If you would like to request an evaluation for your child, send a written request for an evaluation to your public school district special education department. Include your child's name, age, address and suspected disability and your contact information.

After receiving your written request, the district will contact you to set up a meeting. At this meeting, you and the team will decide if an evaluation is needed and what the evaluation will include. Evaluation, professional guidance and an education program (if needed) are all available at no charge through the public school in the town where you live.
