

Community Project

Sponsored by the Student Government

Oradell Public School is a very special part of our lives. To honor our school and staff, we are asking families to participate in completing the attached heart to express how they feel about OPS or what they love about OPS. We would like to use these hearts to decorate our school in time for Valentine's Day. Please fill this out as a family or have your student complete one. We would like to have these hearts back by Friday, January 30, 2014.

Before sending the heart back to OPS, please cut it out and add decorations to make it extra special.

We thank you for your time and support in making OPS a special place and to show our staff how much we all truly care!

Yours truly,

Student Government

OPS is . . .
