*About TAB events: TAB events are created and hosted by our teens, under the guidance and supervision of our experienced TAB leader, Jo-Ann Healey. Every event is planned and designed for a specific age group. We ask parents to adhere to the limitations, as they are created for a reason and for the whole event to work as planned. Our teens volunteer their time to the library, often to fulfill a service hour requirement for Girl Scouts, Boy Scouts, or other obligations. In order for them to fully benefit, they need to be hands-on with the children and leading the event. We encourage parents to see these events as an opportunity to enjoy some downtime for themselves in other parts of the library.*
