FAMILY MATH GOALS

To build confidence and competence in mathematics by:

- ◇ providing hands-on experience in a fun, supportive environment
- ◇ creating positive attitudes towards mathematics
- ◇ building problem-solving strategies that reduce frustration and increase the willingness to accept new challenges.

To create partnerships between home and school by:

- ◇ reinforcing the school curriculum as well as state and national standards
- ◇ making time for families to learn and work together
- ◇ increasing positive dialogue between teachers and parents.

To motivate students to continue studying mathematics by:

- ◇ building awareness of the need for mathematics in life and work
- ◇ introducing families to career options and role models
- ◇ encouraging mathematical literacy for all students
