Dear Parents,

As you know, New Jersey school districts are transitioning to a new statewide assessment as part of a consortium of states known as the Partnership for Assessment of Readiness for College and Careers (PARCC). The PARCC assessments are aligned to the Common Core State Standards in English/Language Arts and Mathematics that were adopted by the New Jersey State Board of Education. The second portion of the testing (The End of Year or EOY portion) will begin on Monday April 27<sup>th</sup> at Oradell Public School. The schedule below outlines the days that students at each grade level will be testing. Students will not be testing all day. The daily testing period is approximately 70-80 minutes long. Testing will be just **one** part of your child's day. Students, whether they test in the morning or afternoon, will attend their daily special (Library, Art, Music, etc.), have lunch and recess, and continue to have instruction in the content areas. Any necessary make-up testing due to absence will be begin during the week of May 11<sup>th</sup>.

Every day at OPS is about learning and growing. We cannot reiterate enough that PARCC is just one small part of your child's learning experience this year. In fact, the notes below about how you can help your child have a positive PARCC experience are the same helpful tips that help your child be ready to learn each and every day at OPS!

Helpful LEARNING and TESTING tips:

- Well-rested children work to the best of their abilities.
- Eating a healthy breakfast enhances student concentration.
- Prompt arrival at school is critical to maintaining an appropriate testing & learning environment.
- Encourage children to do their very best and demonstrate that you believe in their abilities.

Please feel free to contact us if you have any questions regarding this assessment.

Sincerely,

The OPS Administrative Team
