

FUNCTIONS OF BEHAVIOR

Date: March 5, 2015
Presenter: Jacqueline Dubil-Craig, BCBA
BCSS Behavior Analyst
Time: 7:00 p.m.–8:30 p.m.

What is behavior? Why does it occur? These questions will be addressed during this parent training workshop. Utilizing the theory of Applied Behavior Analysis, this presentation will look at all aspects of behavior, both appropriate and inappropriate, and look at the motivation behind that behavior. Basic interventions will be discussed.

ELICITING LANGUAGE

Date: March 12, 2015
Presenter: Jacqueline Dubil-Craig, BCBA
BCSS Behavior Analyst
Time: 7:00 p.m.–8:30 p.m.

This workshop examines language and communication as a behavior. B. F. Skinner's interpretation of Verbal Behavior will be discussed, along with practical strategies to elicit requests and basic language responses

ABA: NOT JUST FOR AUTISM

Date: March 19, 2015
Presenter: Jacqueline Dubil-Craig, BCBA
BCSS Behavior Analyst
Time: 7:00 p.m.–8:30 p.m.

Applied Behavior Analysis is a learning theory typically associated with the behavioral interventions for students on the autism spectrum. In this workshop we will review the basic principles of ABA and provide examples of how it is utilized in the school, work, and home settings for individuals with and without disabilities.
