REGISTRATION:

- Please email your reply to Mrs. Killeen killeen@oradellschool.org

Include your child's name, your child's teacher's name and your preference for either session 1 or session 2. If your family is available for either session please indicate that too!

**Enrollment is limited
and final selection will be made by lottery.**

Your e-mail must be received no later than:

- **MONDAY, SEPTEMBER 22, 2014.**

Families not chosen for the first session will automatically be placed in the second session. Returning families will be considered after first time applicants.

FAMILY MATH GOALS

To build confidence and competence in mathematics by:

- providing hands-on experience in a fun, supportive environment
- creating positive attitudes towards mathematics
- building problem-solving strategies that reduce frustration and increase the willingness to accept new challenges.

To create partnerships between home and school by:

- reinforcing the school curriculum as well as state and national standards
- making time for families to learn and work together
- increasing positive dialogue between teachers and parents.

To motivate students to continue studying mathematics by:

- building awareness of the need for mathematics in life and work
- introducing families to career options and role models
- encouraging mathematical literacy for all students.
