

Make Your Own Website

Coding & Programming with TechRoots Academy

This is a six (6) week workshop teaching the basics of website development. By the end of the workshop, students will have a fully personalized website that they will be able to use and play around with anytime.

Dates: September 20th & 27th
October 4th, 11th, 18th, and 25th

Where: Oradell Public Library @ 375 Kinderkamack Rd.

Ages: Grades 3 - 8

Cost: \$60 includes fee for all 6 weeks. All materials needed are supplied by TechRoots Academy

Payment is due upon registration only at the Oradell Public Library Junior Room Desk.

We cannot provide refunds once the session has started.
