We will be discussing the strengths, accomplishments, and challenges of our school district; the vision and expectations for our school and students; and the goals and objectives necessary to design our future. We are inviting staff members, parents, students, community leaders and other interested members of the public to work together with us to effectively plan for the future of our district and students.*

The process will be facilitated by New Jersey School Boards Association. For more information, please visit our school website at <https://www.Oradellschool.org/> and look for Strategic Planning.
