

Oradell Public School District Schaefer “Explorations” Summer Program

June 24, 2019* – July 19, 2019

Explorations will be conducted weekdays, Monday through Friday, beginning Monday, June 24*, and ending Friday, July 19. *Explorations* will be closed on July 4th. The attached schedule was devised so that children and parents may select as many as six courses from a variety of offerings. Session A will run from June 24 - July 5; Session B will run from July 8 - July 19. **The tuition per course is \$85 during Sessions A and B.**

Please complete the attached registration form for the appropriate session(s) and return it with a check reflecting full payment made payable to the Oradell Board of Education. The deadline for registration will be May 22, 2019 for both sessions. (All participants who register by the deadline will receive a commemorative t-shirt.) Please note: an additional \$25 nonrefundable late registration fee per family will be charged for applications postmarked after May 22. No refunds will be given past June 3, 2019, and refunds requested prior to June 3 will result in a \$25 processing fee.

Make all course selections based on your child's present grade level. Class size will be limited and courses will be filled on a first come, first served basis. We reserve the right to cancel any course based on insufficient registration. Therefore, it is important that you list a second or third choice if you have one, otherwise your check will be returned to you. Instructors listed for some courses may be changed without notice.

*** Tentative start – awaiting Board Approval**

**Should you have any questions, contact Ms. Maklin, Assistant Director,
at 201-261-1180, ext. 5059.**

Please leave a message. Your call will be returned as soon as possible.

OVERVIEW OF SESSION A

June 24, 2019 – July 5, 2019

Option for the child who is coming into Kindergarten

8:30	9:30	10:30
KinderCamp		

Options for the child who is completing Kindergarten

8:30	9:30	10:30
Rocket to Reading Part I (formerly Basic Skills Reading)	Math Motivator Part I (formerly Basic Skills Math)	Animal Art!

COURSE DESCRIPTIONS

KinderCamp

Ready? Set? Go! This voluntary program will introduce incoming kindergartners to the idea of making choices within a structured environment. Each week the KinderCamp teachers have planned new and exciting themes, packed with learning and lots of hands-on fun! Children will work in learning centers, play games, create artwork, sing songs, as well as participate in a special activity each day. In short, this will be a great introduction to kindergarten. **Please provide a healthy snack and drink daily. Please wear sneakers every day. Sessions will be held each day from 8:30-11:25. The cost for this course is \$400. Registration forms have been mailed. Additional forms can be found online under KinderCamp registration form.**

Rocket to Reading Part I and II (Formerly Basic Skills)

Students who may need a brush up in the area of reading, this course is for you. Current grade levels skills will be reinforced through several different types of activities. Students who are currently receiving basic skills instruction may find this course very helpful in keeping skills fresh and in preparing for the next school year. The first two weeks (Session A) will focus on word study skills, while the following two weeks (Session B) will focus on reading comprehension skills. Students will be separated into appropriate grade level groups. You can take both parts or elect to just participate in one part.

Instructors: OPS Faculty

Sessions A: June 24-July 5

Sessions B: July 8-July 19

PART I-Reading (Gr. K-6)

PART II-Reading (Gr. K-6)

8:30

8:30

Reading

Math Motivator Part I and II (Formerly Basic Skills)

Students who may need a brush up in the area of math, this course is for you. Current grade levels skills will be reinforced through several different types of activities. Students who are currently receiving basic skills instruction may find this course very helpful in keeping skills fresh and in preparing for the next school year. The first two weeks (Session A) will focus on math computation while the following two weeks (Session B) will focus on problem solving skills. Students will be separated into appropriate grade level groups. You can take both parts or elect to just participate in one part.

Instructors: OPS Faculty

Sessions A: June 24-July 5

Sessions B: July 8-July 19

PART I-Math (Gr. K-6)

PART II-Math (Gr. K-6)

9:30

9:30

Animal Art!

Do you love animals? Do you love arts and crafts? We will combine two of your favorite activities! Each day, we will make a different animal using glitter, paint, yarn, and much, much more! Some of the animals we will make are butterflies, teddy bears, alligators, frogs, and penguins.

Instructor: Ms. Stross

Grades K-2

Session A: June 24-July 5

10:30

Animal Olympics

Penguins, cheetahs, and ants...oh my! Let the games begin! Children will be immersed into the world of animal Olympian. Each day, children will warm-up with animal aerobics, learn about animals and the adaptations they have to do to bring home the gold, and compete in Olympic challenges inspired by these wild Olympians. At the end of the program, children will vote on which animals they believe deserve the bronze, silver, and gold.

Instructor: Mrs. Kaminski

Grades K-2

Session B: July 8-July 19

9:30

Bedazzled Beading

Necklaces, bracelets, keychains, jewelry boxes, and more! Do you love colors, sparkles, and glitter? In this class, we will go home with beautiful creations and accessories every day!

Instructor: Ms. Stross

Grades 3-4

Session A: June 24-July 5

9:30

Build Your Own Fashion Boutique

Are you a budding fashion designer? Do you dream of one day opening your own store? Then please join us to learn how designers create and design a group of items to put in a store. Students will design their own boutiques by planning color schemes, drawing and designing an assortment of clothing and accessories as well as the décor for their boutiques. Let's have fun learning how to be a fashionista!

Instructor: Mrs. Kahwajian

Grades 3-4

Session A: June 24-July 5

9:30

Building Her Dreams

In this class students will use a variety of building materials such as magnetic building blocks, Mighty Makers from K'nex, Lego Friends, and wooden castle building blocks. These activities take fun and learning to a whole new level. Each activity will include creating characters and story-based content to drive creativity and imaginative play in addition to building core STEM skills. Imaginations will soar in this fun interactive class. By building inventions seen in everyday life, girls are inspired to create their own contraptions. Create a flapping bird or an animation machine to watch drawings come to life, build a zip line and more. Creative story writing and building opportunities are virtually endless in this exciting and educational class.

Instructor: Ms. Pizza

Grades K-3

Session A: June 24-July 5

8:30

Catching the Sun's Rays

We will create colorful sun catchers using marbles, flower petals, leaves, twisting wire, beads and if time I have more ideas up my sleeve.

Instructor: Ms. Boccanfuso

Grades 3-4

Session A: June 24-July 5

10:30

Celebrate America!

Enjoy a celebration of our country's history, geography, heritage and symbols! Discover America's natural beauty and man-made landmarks. Rejoice in our diversity through creative crafts and fun activities!

Instructor: Ms. Natiello

Grades 1-2

Session A: June 24-July 5

10:30

Color Me Beautiful

Ever wonder why some things look great in one color and others in many different colors. Let's identify some of the most popular trends, create your own personal style based on the season of colors that bring out your best.

Instructor: Mrs. Malenda

Grades 5-6

Session A: June 24-July 5

8:30

Crack the Code

It is a scavenger hunt treasure trove. Students will learn how to create and decode codes, follow clues, and use maps to find various hidden objects. Join us as we crack the code to solve both physical and digital scavenger hunts.

Instructor: Ms. Pizza

Grades 2-4

Session A: June 24-July 5

9:30

Session B: July 8-July 19

8:30

Create Your Own Picture Book!

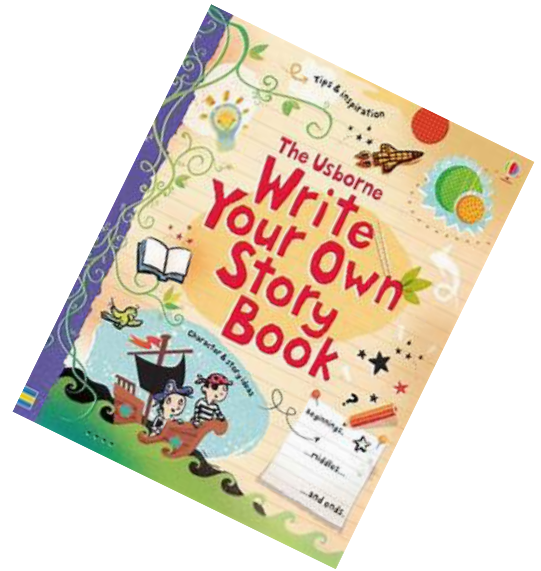

Learn why picture books matter. Explore an overview on the history of the modern-day picture book. Create and illustrate your own story about everyday life and imaginings. Join us through the creative process from early sketches to the completed book!

Instructor: Ms. Natiello

Grades 1-2

Session B: July 8-July 19

8:30

Creating and Acting Out with Puppets

Puppets are a fun and imaginative way for children to create. The children may create the following puppets: caterpillar chain puppets, paper frog puppets, paper plate ladybug puppets, paper finger puppets, and others. The children will be able to decorate and individualize their creations. When their creations are ready, the children will have an opportunity to act out and make stories with their puppets.

Instructor: Mrs. Haberman

Grades K-2

Session A: June 24-July 5

10:30

Creating and Playing Instruments

Children love music as much as they enjoy creating things. We will join these two creative forces together and make some fun and easy musical instruments to encourage play and creativity. The children may create the following instruments; maracas, ankle bells, simple or tin can drums, stick tambourines and more. We will then play our instruments to the beat and rhythm of music and melody.

Instructor: Mrs. Haberman

Grades K-2

Session B: July 8-July 19

9:30

Creative Movement/Yoga

Miss Kim is a certified 500 HR yoga teacher, dance teacher, choreographer, and former dancer in Bergen County, NJ. She strives to create a warm, comfortable and judgement free environment that allows her students to flourish from within. With over six years of experience that Miss Kim has teaching children to adults, she wishes to create this class for little ones to find time with their own creative personalities to flourish in art, yoga, dance, and more! Miss Kim will supply props and games that will enhance your child's creativity memory and encourage positive energy that will bring out their own inner confidence. We will focus on breathing techniques to calm, energize, and balance the nervous system during creative activities, along with practicing the flow of sequences and creative movement, followed by group poses, and relaxation in story time. Miss Kim looks forward to sharing this time with your children!

Instructor: Miss Kim Pfeifer **Grades K-2**
Session B: July 8-July 19 **8:30**

Create Your Own Comic Book!

A word or a picture can inspire readers and writers! Sometimes pictures and words just cannot do the job on their own. Learn about the creative process of graphic storytelling using speech balloons, panels and caption boxes. Your comic panels will invite the reader to imagine what has happened between them.

Instructor: Ms. Natiello **Grades 1-2**
Session A: June 24-July 5 **9:30**
Session B: July 8-July 19 **9:30**

Critics Corner

Who doesn't enjoy going to the movies or watching the latest blockbuster? Your child will enter this class and become a movie critic for the day. They will learn about movie plot and character development. During and after the movie, your child will fill out a template answering questions and rating it. Each child will get to voice their own opinions of what they liked and didn't like about the movie. Critics will also review their favorite movie for the class, playing their favorite clip and explaining why they picked this movie. Your children will have so much fun voicing their own opinions and sharing their thoughts about the movies. And of course, who can forget that we will also be enjoying the classic movie theatre snack...POPCORN!

Instructor: Ms. Cioffi **Grades 3-4**
Session A: June 24-July 5 **8:30**

Do You Love Playing Games?

We will run around and play games such as, Mother May I, Spud, Around the World, 7 Up, as well as other oldies but goodies. We will also play classic games, like Sorry, Perfection, Rummikub, and Scrabble. Develop social relationships while having fun playing with peers.

Instructor: Mrs. Terzano **Grades K-4**
Session B: July 8-July 19 **9:30**

Fairyland

Come join us as we venture into the mystical world of fairies! In this magical class we will read stories, complete science experiments, do arts and crafts, and create music. If you are a lover of fairies and all things magical this is the class for you!

Instructor: Ms. S. Pizza **Grades 1-3**
Session A: June 24-July 5 **8:30**
Session B: July 8-July 19 **10:30**

Find Your Center

Yoga, meditation practices and finding the calm within the chaos.

Instructor: Mrs. Malenda **Grades 3-6**
Session A: June 24-July 5 **10:30**

First Grade Fun

Crafts, numbers, and letters... summer fun can't get any better! Children entering first grade will begin to learn the routines of calendar, journal writing, and math lessons. Each week will contain a thematic unit filled with reading, writing, math, and arts and crafts. Students will share ideas, make new friends, and be ready for first grade before summer ends!

Instructor: OPS Faculty **Students Entering First Grade Only**
Session A: June 24-July 5 **10:30**
Session B: July 8-July 19 **10:30**

Food Around the World

Let's travel con Señora Garcia. Explore different countries, learn how to navigate through neighborhoods and EAT! **THIS CLASS IS NOT APPROPRIATE FOR CHILDREN WITH FOOD ALLERGIES.**

Instructor: Mrs. Garcia
Session A: June 24-July 5

Grades 1-3
9:30

Fun Felt Creatures

Do you know how to hand sew? Would you like to learn? I can teach you how to create small stuffed creatures using felt and embroidery floss. **Caution:** Needles and Pins will be used.

Instructor: Mrs. Boccanfuso
Session B: July 8-July 19

Grades 3-6
10:30

Fun Fit

Let's get moving! Children will learn the importance of exercise and how it can be fun. Children will become motivated to be active each day. Children of all abilities are welcome in this class. So, grab a towel and some water and LET'S HAVE FUN!

Instructor: OPS Faculty

Session A: June 24-July 5 **Grades 1-2 9:30**

Session B: July 8-July 19 **Grades 3-4 9:30**

Fun with Science

Did you know the sun can serve like an oven? We can color flowers and create a tornado. Come join me and become a scientist.

Instructor: Mrs. Garcia
Session A: June 24-July 5

Grades 1-3
8:30

Green Thumb Adventures!

Sowing and growing in containers! Enjoy the experience of planting and growing. There are fun "creatures" to make and seeds to germinate. Learn fascinating facts on the science of plants, from why we need them and how they are structured, to what plants and flowers need to survive. Plants play an important role in the natural world. Plant the seeds to inspire an enthusiasm that will grow with you!

Instructor: Ms. Natiello
Session B: July 8-July 19

Grades 1-2
10:30

Holiday Crafting

Do you love the holidays? If so, this class is for you! Each day we will make holiday-oriented crafts. You will bring home lots of creative masterpieces and get to help your families decorate the house!

Instructor: Ms. Stross **Grades K-2**
Session A: June 24-July 5 **8:30**

Jewelry Making

Do you love to accessorize your outfits with beautiful jewelry? Then this class is for you! Let's bling up your wrists, necks, and outfits with a variety of jewelry. We will learn how to string beads, add pendants and clasp closures. We will make a variety of jewelry such as necklaces, bracelets, pins and earrings. Come make beautiful jewelry with us!

Instructor: Mrs. Kahwajian **Grades 3-4**
Session A: June 24-July 5 **10:30**

Just Gotta Dance

Do you find yourself trying to learn dance moves to your favorite songs? Have you ever wanted to make up your own dance routines? Your instructor will take you through steps to create your own choreographed dances. Don't plan on sitting down in this class!! Participants will receive a CD of some of the music we choreographed!

Instructor: Ms. Malenda **Grades K-2**
Session B: July 8-July 19 **10:30**

Kahoot- Game-Based Learning

Create a fun learning game made from a series of multiple-choice questions. Students are encouraged to make engaging, shareable games. Work cooperatively while competing against friends using your own "Kahoots".

Instructor: Mrs. Terzano **Grades 3-6**
Session A: June 24-July 5 **10:30**
Session B: July 8-July 19 **10:30**

Kawaii Cutie Crafts

Cute, cuter, or cutest? Let your child be the judge of that! Using a wide array of mediums, children will create "all things cute." Paper crafts, model magic minis, and a sketchbook of "cute things" are just a few of the treasures your child will bring home.

Instructor: Mrs. Kaminski **Grades 3-4**
Session B: July 8-July 19 **8:30**

Kids Broadway Sing Along

Many children have been enchanted with the Broadway stage since they were able to understand stories and listen to music. These shows are so readily available with Disney introducing so many classic greats to all ages. In this class, children will learn songs from awesome shows such as The Lion King, Cinderella, Annie, and Charlie Brown. The children will first watch clips and videos of the shows and then will work to learn the lyrics and will be performing for each other. Through these activities the children will be improving their fluency in reading and learning rhythms.

Instructor: Mrs. Haberman **Grades K-2**

Session A: June 24-July 5 **9:30**

Learn to Tumble

“Learn to Tumble” will focus on the basics of all gymnastics skills. You will learn beginning tumbling skills such as forward and backward rolls, cartwheels, round offs, handstands, bridge kick overs and front walk overs, and work your flexibility. You will be working with a cheerleading and tumbling coach with over seven years of experience! This is a great way for kids to learn gymnastics and have fun while doing so!

Instructor: Ms. Telfer **Grades K-2**

Session A: June 24-July 5 **9:30**

Session B: July 8-July 19 **8:30**

Lego Land

This hands-on class provides a relaxed atmosphere for you to design and build unique creations using your imagination. Participants will work together to create and build such things as machines, pyramids, cars, and buildings.

Instructor: OPS Faculty **Grades K-2**

Session A: June 24-July 5 **9:30**

Session B: July 8-July 19 **10:30**

Let's Paint

Are you willing to get your hands (and feet) dirty? Then this is the class for you. Let's Paint with balloons, cellophane, our hands and feet, combs, sharpies, bubble wrap and whole lot more!

Instructor: Mrs. Boccanfuso

Session A: June 24-July 5 **Grades 1-2** **8:30**

Session B: July 8-July 19 **Grades 3-4** **9:30**

Little Authors

In this class, your children are the authors. We will begin this class by using our brainstorming techniques to come up with a topic. Your child will get to share his and her ideas and bring them to life when they see their finished work in print. They will learn what it takes to write a story, while also building upon their reading and writing skills. Students will be inspired to be creative and learn to work as a team and collaborate with other students. Your child will get 1-2 pages of writing and also 1-2 pages to illustrate their scenes. Once our story is completed, our book will be published through studenttreasures.com, where you will be given the option of purchasing your own copy. Your child will have so much fun sharing their ideas, working with other students and will be motivated to do their best work!

Instructor: Ms. Cioffi

Grades K-2

Session A: June 24-July 5

10:30

Session B: July 8-July 19

10:30

Mad Scientists

Welcome Scientists! In this class, we will learn from experience. Each day we will put on our lab coats and safety goggles and learn how different materials react with one another. We will make instant hot ice, elephant toothpaste, and everyone will go home with their own water bottle lava lamp!

Instructor: Ms. Stross

Grades 3-4

Session B: July 8-July 19

9:30

Makerspace

Students will put their knowledge, creativity, and imagination into these hands-on projects. Your child will work with a partner in the class and choose a project to build. They will collaborate together to put their problem-solving skills to work. Students will gather materials together and explore projects that interest them. They will draw a picture or blueprint of what they imagine the finish project will look like. Then they will dive right in and watch their ideas come to life. Some project ideas will be given to them and they will be given creative leeway to create their own projects with miscellaneous materials. They will have so much fun using their imagination to help these projects come to life.

Instructor: Ms. Cioffi

Grades K-2

Session B: July 8-July 19

9:30

Minute to Win It!

In this class, students will race against the clock every day. Students will work cooperatively and use their critical thinking to complete various obstacles. The obstacles in this class were inspired by the show. Will you be able to win it in a minute?!

Instructor: Ms. Stross

Session A: June 24-July 5

Grades K-2

8:30

Session B: July 8-July 19

Grades 3-6

10:30

Model Magic Creations

Let's get creative by making different projects out of Model Magic! In this class we will learn how to mix and create new colors, mold shapes, and make many different creations. This class will help strengthen fine motor skills and encourage creativity. The younger students will learn how to mix colors, make shapes, create new colors, create cupcakes, favorite cartoon characters, cute animals, vases with colorful flowers and mini foods. While the older students will make birds, pizzas, mini cakes, snowmen trapped in a snow globe, penguins, robots, and unicorns.

Instructor: Ms. Telfer

Session A: June 24-July 5

Grades K-2 10:30

Session B: July 8-July 19

Grades 3-6 10:30

Miss Pallotta's Summer Safari

Hello, junior explorers! Come on a safari with me. Would you like to take a peek inside the lives of dozens of majestic animals? For our summer course we will submerge ourselves into the wonderful world of the animal kingdom. Each day we will focus on a different species to get to know. Lions, tigers, and bears, oh my! Within our tour of the animal world, we will complete journal entries, sing songs, make arts and crafts, do exercises, read books, and watch videos to help us become experts on these animals. We have dozens of animals to learn about such as: giraffes, cheetahs, elephants, gorillas, meerkats, and so many more. By the end of the session, each explorer will have a completed animal book comprised of their own personal illustrations and creative writing demonstrating their knowledge of each of our furry friends. Let's put on our binoculars and buckle up, it's going to be a bumpy ride!

Instructor: Miss Pallotta

Grades K-2

Session A: June 24-July 5

10:30

Session B: July 8-July 19

10:30

Music and Movement

Music and Movement is a fun and exciting program utilizing and teaching techniques created to channel children's natural enthusiasm for music and play. These skills help develop self-esteem, gross motor skills, social skills, listening skills, and so much more. We will sing, play games, and have lots of fun!

Instructor: Mrs. Haberman **Grades K-2**

Session A: June 24-July 5 **8:30**

Paper Mache Animals

Students will work in groups to create paper mache animals representing an animal from all seven continents. They will work together to learn interesting facts about their animals and the environments they come from. Students will present their animals to the class showing us what they learned. Then students will take what they learned in their groups to create a small project to take home and display proudly!

Instructor: Ms. Cioffi

Session B: July 8-July 19

Grades K-2

8:30

Party Planning

Who doesn't love going to a party? You will learn basic party planning by making decorations, creating invitations, developing guest lists, and preparing tasty appetizers and desserts. We will invent games and activities. At the end of each week, we will celebrate your party!

Instructor: Mrs. Terzano **Grades 3-6**

Session A: June 24-July 5 **8:30**

Planes, Trains & Automobiles

Calling all engineers...STEM activities using K'nex, Lego, Tinker Toys, Erector Sets, and more in building all modes of transportation. Kids can build a dump truck then take it apart and rebuild a propeller plane. Dump trucks featuring two working mechanics, a propeller plane features a knob to rotate propeller and more. Kids can watch how gears work and be inspired to create their own projects.

Instructor: Ms. Pizza **Grades 2-4**

Session B: July 8-July 19 **9:30**

Rack Your Brain

Higher level thinking and challenges to spark your interest! These activities will have you wanting more. All games and activities will have you burning off energy!

Instructor: Ms. Malenda

Readers Theater

Readers Theatre is an enjoyable style of theatre in which the students who are actors do not memorize their lines. The students (actors use only vocal expression to understand the story, rather than visual storytelling.) It is a highly motivational strategy for developing reading fluency. It involves children in oral reading through reading parts in scripts. This will provide a context for authentic reading. This method of storytelling will enrich the students' social and communication skills. Even those children who are shy will have loads of fun with this Readers Theatre!

Instructor: Mrs. Haberman **Grades K-2**

Session B: July 8-July 19 **9:30**

Recycled Art

Your child will have so much fun this summer exploring the many ways to recycle simple, everyday items such as: bottles, bottle caps, milk cartons, egg cartons, old t-shirts, and paper rolls. During this class, your child will reuse these items and give them another purpose. For example, we will take bottle caps and make keychains and refrigerator magnets. They will make their own bird feeders from plastic bottles, and use an old t-shirt to make a reusable shopping bag and so much more. The purpose of this class is to teach children the importance of recycling and to show students that there are many different ways to reuse an item that would normally be thrown away or put into recycling. Your child will have so much fun learning about the importance of keeping our environment clean while also letting their creativity flow to make their own games from recycled materials. Finally, on the last day, students will spend time playing each other's games, and get the chance to win cool exciting prizes!

Grades 3-4

9:30

Slime Creations!

Come and explore different ways to make slime! In this class we will be making different colored slimes, glitter slime, gemstone geology slime, crystal clear slime, erupting slime volcano, and even fluffy slime! Students will become scientists and mix different ingredients to make their creations. This a great class to strengthen hand muscles and provide sensory exploration. Students will take their slime to the next level by

designing a name and label for each creation. These creations will come home so that the fun can continue outside of the classroom!

Some of the ingredients that will be used for this class include: baking soda, clear glue, glitter, food coloring, essential oils for scents, and shaving cream. Gloves will be available if anyone wants to use them. **PLEASE DO NOT SIGN UP FOR THIS CLASS IF YOU DO NOT WANT YOUR CHILD TOUCHING THESE INGREDIENTS.**

Summer Camp Crafts

If you have ever attended summer camp you know that making crafts is one of the most fun parts of the day! Summer is the best time of year to get creative! Students will complete a variety of fun and exciting summer camp crafts over two weeks! Some projects that we will complete are lanyard key chains, popsicle treasure boxes, tie dye pillow cases, sand art and so much more! Come get creative with us!

Instructor: Mrs. Kahwajian **Grades 3-4**
Session A: June 24-July 5 **8:30**

Star in Your Own Music Video!

Come one come all as we create and star in our own music videos! Students will learn how to work with iMovie, play musical instruments, sing, dance, create sets and costumes, all while having fun! We will work in teams to create our very own music videos and at the end of the session all students will go home with their own copy of their music video. Don't miss out on this creative, musical, and gratifying opportunity.

Team-Building Games

Team-building games and activities are a great tool for helping students learn to work together, listen carefully, communicate clearly, and think creatively. They also give the students the chance to get to know each other, build trust as a community and best of all have loads of fun!

Instructor: Mrs. Haberman **Grades K-2**
Session B: June 24-July 5 **8:30**

The Ultimate "I'm Done Club"

Would you like to:

- Splatter paint like Jackson Pollak?
- Create paper collages like Henri Matisse?
- Sculpt like Alexander Calder?
- Marbleize paper using shaving cream?

Then this class is for you. Each day you will explore new art techniques and perfect the old ones.
