# Connecting to Wi-Fi

3rd Grade Laptop

1. On your desktop, click the **Network** icon in the bottom right-hand corner of your screen. This will bring up a list of available connections.

2. Find the **name** (**SSID**) of your WiFi network and click on it.
3. Ensure **Connect Automatically** is ticked and then click **Connect**.
4. Enter your WiFi password.
5. Click **OK** to finish. Your computer should remember your password for you from now on.

4th Grade Laptop

1. In the upper right-hand corner of your screen, click the **Wi-Fi icon** and select **Turn Wi-Fi On**.
2. Clicking the **Wi-Fi icon** will now bring up a list of available WiFi networks. Select your network **name** (**SSID**) from this list.
3. Enter your WiFi **password**, and then tick **Remember this network** to ensure your computer remembers your password for you from now on. Click **OK** to finish.

5th and 6th Grade Chromebooks

1. Click the bubble on the bottom right corner of the screen (you might have to skip to #3 if you don't see the bubble in the corner).
2. Click on the WiFi icon.
3. Choose your home WiFi from the list.
4. Type in your WiFi password and click "connect"
