## **FAMILY MATH GOALS**

**To build confidence and competence in mathematics by:**

- **Providing hands-on experience in a fun, supportive environment**
- **Creating positive attitudes towards mathematics**
- **Building problem-solving strategies that reduce frustration and increase the willingness to accept new challenges**

**To create partnerships between home and school by:**

- **Reinforcing the school curriculum as well as state and national standards**
- **Making time for families to learn and work together**
- **Increasing positive dialogue between teachers, parents and students**

**To motivate students to continue studying mathematics by:**

- **Building awareness of the need for mathematics in life and work**
- **Introducing families to career options and role models**
- **Encouraging mathematical literacy for all students**
