

Dear Oradell Families,

YWCA Northern New Jersey offers our high quality School Age Programs (SAP), licensed by the OOL, NJ Department of Children and Families, onsite at the Oradell Elementary School.

As a working parent, you have a lot on your plate so, let us help you. Our programs support children during out of school hours, enabling parents to focus on their careers and jobs with the knowledge and comfort that their children are happy, safe, and constructively engaged. Last school year we were able to successfully modify our programs to meet the ever changing COVID-19 related needs of the schools and our families. While we are anticipating a return to "normal", we are prepared to meet whatever challenges the 21-22 school year may present. Supporting working families is always our goal.

Our core curriculum includes organized recreational activities focused on physical activity, multicultural activities and anti-bullying programs that foster self-esteem and teaches children to respect everyone. Our childcare programs provide each child with experiences that foster development and a sense of self-esteem. Programs strive to develop and support the total child with particular emphasis on educational, physical, emotional and social skills necessary for success in the coming school year.

Our programs are deliberately affordable, offer flexible programs hours and coverage on half days. We also offer full day programs on most school vacation days, for a separate fee.

- **Before School** – 7:00- first bell
- **After School** – dismissal – 7 pm
- **Vacation Day** – 7:30-6:30 pm

Registration starts June 7<sup>th</sup> and all forms can be found on our website:

<https://www.ywcannj.org/before-and-after-school/>
