# TAKING ORDERS

Your classmates will be ordering tacos from the menu you have created. You will find the total cost of each one.

## MILD

Give a classmate your menu and let them pick four items. They will write the ingredients and the price. The page has four order forms to fill.

You can take all the orders and then find the total cost for each.

OR

Complete each order one at a time.

This is the order form (below).

_____	_____	_____
_____	_____	_____

## MEDIUM

If you would like a challenge, find a classmate that wants a mega-taco! They add 7 ingredients (or more) and you'll find the total price.

There are two mega-tacos per page, plus work space.

## HOT HOT HOT

If you would like a challenge...this is it. You will complete the secret menu. This means you can add drinks, desserts, and platters (burritos, enchiladas, etc).

Then YOU will create your own perfect meal and find the total price.

Then see if your classmates can do the same thing!
